Gift Journal

The Giving History of this ellaWrap

The art of giving redefined.

Gifts tell the story of our relationships. They mark the passage of time in moments...

A new baby's silver rattle, a college sweatshirt for a high school graduate, a set of towels for the first apartment, then mixing bowls and a cookbook for the wedding shower. Knit together, these memories become threads in a family's history.

As your ellaWrap™ passes from family to friends and back, the Gift Journal provides a personal record of each wrap. Just complete the card and place it back in the ellaWrap pocket for the next giving occasion. Feel free to add photos or other memories as well.
